SPORT OF KINGS

PHOTOGRAPHER AND HAWAII ISLAND RESIDENT KIRK AEDER (PICTURED FAR LEFT) HAS CAPTURED THE SPIRIT AND SPORT OF SURFING OVER THE YEARS, INCLUDING MANY IMAGES OF A-BAY.

"Upon one thing I am resolved: the Snark shall not sail from Honolulu until I, too, wing my heels with the swiftness of the sea, and become a sunburned, skin-peeling Mercury."

—Jack London, *Surfing: The Royal Sport*, 1907

Anaeho`omalu Bay, fronting Waikoloa Beach Resort, is known to Hawai`i Island surfers as one of the better spots to catch waves along the Kohala Coast.

"When it's 20 feet at Jaws (one of Maui's renowned surf spots) it's 6-8 feet here," says photographer Kirk Aeder, a resident of Hawai`i Island since the early

1990s, whose resume includes published work in *Surfer*, *The Surfer's Journal*, and other international magazines that focus on the sport. "But the surf here is cleaner and more manageable."

Up and down the Kohala Coast, those "more manageable" waves are found in abundance, drawing beginners and aficionados alike. Aeder lists Hapuna

Beach, Waialea (Beach 69), `Anaeho`omalu Bay (or more simply A-Bay), and Pueos as having the best "high-performance waves" on this side of the island.

There's also Pua Ka'ilima Cultural Surf Park at Kawaihae, which hosts an annual longboard competition. This break is said to have been a favorite spot of Ka'ahumanu, wife of Hawai`i's revered Kamehameha the Great, who himself was born in North Kohala and learned to surf along the Kona-Kohala Coast.

DINING GUIDE

THOUGH NORTH SHORE O'AHU MAY BE MORE WELL KNOWN AS A SURF PARADISE, HAWAII ISLAND IS REVERED BY THOSE "IN THE KNOW."

"Surrounded by an endless ocean with no other landmasses to obstruct it, the Hawaiian Islands draw open ocean swells from all directions," Aeder says. "Along this coast we get primarily west and northwest swells, which is ideal."

ORIGINS

Though the origins of surfing — called *he'enalu* in the Hawaiian language, which translates literally to "wave sliding" — are lost to history, Hawai'i, and particularly Hawai'i Island, is where it is acknowledged to have evolved.

"In pre-European times," writes Ben Finney and James D. Houston in their excellent book, *Surfing, A History of the Ancient Hawaiian Sport*, "surfing was more than just catching and riding an ocean wave. It was the center of a circle of social and ritual activities that began with the very selection of the tree from which a board was carved and could end in the premature death of a chief — as was the result of at least one famous surfing contest in Hawaiian legend."

Finney and Houston go on, "(William) Ellis, that adventurous missionary who hiked around the island of Hawai'i, described the islanders' mass reaction to a sudden run of good waves: 'the thatch houses of a whole village stood empty ... daily tasks such as farming, fishing and tapa-making were left undone while an entire community — men, women and children — enjoyed themselves in the rising surf and rushing white water.'"

Surfing lapsed into the background once the Boston missionaries arrived

in the islands in the 1850s and began dissuading the Hawaiian people from showing their bodies and partaking in the traditional culture they had practiced for so many thousands of years in favor of a more prudent lifestyle. But by the early part of the 20th century, surfing had seen the beginning of a revival.

Indeed, when we think of surfing, the first images that come to mind are likely of the legendary Duke Kahanamoku on Waikiki Beach from those days; or the 1960s and '70s, when big wave jockeys on O'ahu's North Shore began riding the face of 20-foot curlers at Banzai Pipeline, Waimea Bay, and Haleiwa, where the Triple Crown of Surfing was born and is still conducted.

AS MUCH A RELIGION AS A SPORT

Even though O'ahu may be more famous nowadays, there are also those, like Aeder, who know where to find the best swells and breaks on Hawai'i Island, and for whom surfing the Big Island is close to spiritual.

"I moved to the Big Island in 1993," Aeder says, "and it really opened my eyes. There are other areas where early evidence of surfing is seen, but Hawai'i is where it really came to fruition, and a lot of that happened on the Big Island."

He points to Kahalu'u Bay, an ancient surf spot in Kailua-Kona once used by Hawaiian *ali'i* (royalty) and the Ku'emanu Heiau at the north end of the bay, where the *ali'i* would pray for good surf and probably shaped their boards.

Aeder also points out that one of Captain Cook's lieutenants, James King, described seeing Hawaiians surfing in his journal entry from 1779 when their ships arrived in Kealahou Bay:

"A diversion the most common is upon the water, where there is a very great sea, and surf breaking on the shore. The men, sometimes 20 or 30, go and lay themselves flat upon an oval piece of plan [board] about their size and breadth, they keep their legs close on top of it, and their arms are used to guide the plank, they wait the time of the greatest swell that sets on shore, and altogether push forward with their arms to keep on its top, it sends them in with a most astonishing velocity, and the great art is to guide the plan so as always to keep it in a proper direction on the top of the swell, and as it alters its direct. If the swell drives him close to the rocks before he is overtaken by its break, he is much praised."

Many other writers — Mark Twain and Jack London foremost among them — have been taken with the art and sport of surfing over the years since Cook. London's enthusiastic account of his experiences learning to ride a surfboard in Waikiki, first published in *Woman's Home Companion* and then reprinted in *The Cruise of the Snark* in 1911, helped to popularize surfing outside of Hawaii. It is, London said, the "royal sport for the natural kings of earth."

"It is special to live in such a surf-laden area," Aeder reflects. "I drive by the water and think, 'This is where it all began.' I can almost picture Kamehameha out there on his board."

WAIKOLOA WELCOMES MAI GRILLE!

Hawai'i Island's chefs are blessed with an abundance of fresh, local ingredients from the land and sea, as well as a food culture that is rooted in deep tradition. Chef Allen Hess is taking full advantage of all that bounty at his new eatery, Mai Grille, located inside the resort's Kings' Golf Course clubhouse.

Hess says it is his culinary mission to take fresh-raised foods from local farmers, ranchers, and fishermen, and prepare them with state-of-the-art skills. "There's a story behind each of the ingredients," he says. "I personally know the people who provide the food, from fresh-caught 'ahi to local zucchini."

Mai Grille features Hess's well-known "slow foods" philosophy of regional cooking, which he has practiced during stints at Alan Wong, Canoe House, his own bistro, Allen's Table, and Merriman's in Waimea.

"'Slow foods' is about more than how you cook the food," Hess says, "but about how food is raised, buying seasonally appropriate ingredients, and taking your time to put the right foods on the plate. If you are buying fresh ingredients, it's important to serve them when they taste the best. It's also about supporting the community ... that's part of our whole approach."

The former Kings' Grille closed for a two-week renovation in September, and reopened as Mai Grille on October 5, serving daily breakfast (such as a signature BLT with two eggs) and lunch (think grilled shrimp kabobs on toasted mac nut rice; or a "20/80 burger" with 20 percent ground bacon combined with 80 percent aged ground beef), with dinner service planned for a winter start.
